CORRIDOR ACCESS

The Property

Originally built by the Fellows Gear Shaper Company, 100 River Street is Springfield's largest commercial campus - 255,000 square feet on the banks of the Black River, now being transformed into a mixed-use destination. Springfield Medical Center and an on-site pharmacy already anchor the property, with retail storefronts, a restaurant and event venue, professional offices, and heavy-floor manufacturing space available now. Ownership will build to suit.

WHY 100 RIVER STREET

- Anchor tenant in place - Springfield Medical Center
- Heavy floors + freight access for manufacturing
- Riverfront setting with restaurant/event potential
- Great Hall: covered interior common space
- Central Business District zoning
- Ample on-site parking

The Great Hall

Restaurant / events (rendering)

Warehouse / production floor
